

PROMINENT MAN PASSES AWAY

Mr. Shields Cunningham Dies At His Home at Thomson Station.

Mr. Shields Cunningham, aged 65 years and one of the most prominent and influential men of this section, died at his home at Thomson Station, in Clark County early Sunday morning. Mr. Cunningham was one of the best known and most admired men in this section and had hosts of friends who will be deeply grieved to learn of his death. He had been in poor health for some time, but his death coming at the time it did was quite a shock to everyone. Several months ago he sold his beautiful home South of Thomson Station and came to this city where he bought property, but soon became dissatisfied and moved back to the country. Mr. Cunningham was a clean, conscientious Christian man and of a type that we can ill afford to lose. He is survived by his wife, who was Miss Fannie Stoffer, a sister of Mr. Albert Stoffer; one daughter, Mrs. W. S. Herndon, of Lexington; and one sister, Mrs. Mollie Ramsey, of Clark County. Funeral services were held this morning at 11 o'clock at the grave in the Winchester cemetery, the Rev. J. T. McGarvey, of Lexington, officiating.

ISAAC ROGERS TO MARRY

Mr. Isaac Rogers, Jr., recently of the U. S. Army and a member of the A. E. F., who returned from France several weeks ago, will be married to Miss Hazel Emma Schlemmer, of Indianapolis, Indiana, at the Methodist parsonage in this city on Wednesday, February 12th. Mr. Rogers is a splendid young man and has a host of friends who will be interested in the above announcement. His bride-to-be is said to be a charming young woman and has been identified with Red Cross work for the past several months and has rendered valuable service at Camp Taylor and other points.

SERIOUS CUTTING SCRAPE

Saturday night James Potts, colored, cut and seriously wounded his wife, Amanda Potts, in this city. Jealousy was the cause of the trouble and the woman is now lying at the point of death with her throat cut. Chief of Police Tipton followed Potts to Sharpsburg and arrested him there about two o'clock Sunday morning and returned him to jail here. The negroes are from Bethel, Kentucky.

BIG LAND DEAL

Judge G. A. McCormick has sold his splendidly improved farm of 247 acres near the city limits on the Mt. Sterling and Owingsville turnpike to Mr. W. H. Thomas, of Farmers, Ky., at a private price. Mr. Thomas and his family, whom we welcome to our county, will move to the farm to reside in the near future.

MAKES GOOD SUGGESTION

Reader of Advocate Makes Suggestion For Soldier Boy Celebration the Fourth.

A reader of the Advocate stopped at the office yesterday and made the following suggestion. He said that as the soldier boys have been coming home from time to time and that no meeting or celebration in their honor had been possible, but that by the Fourth of July all of them or nearly all of them would be home and that then would be the time to have a general celebration with brass band and speakers. He also suggested that the celebration be held at the Fair Grounds and that all the soldier boys take good care of their uniforms, and as there will be several officers here, a splendid parade could be given. Why not ask the boys of Bath, Menefee, Rowan, Clark and Bourbon to join in this celebration? It would be a great day for all of us and would give everybody an opportunity to show the boys how much we think of them. Wont some live citizen like H. G. Hoffman take charge of this, appoint committees and let's have one grand and glorious time the Fourth of July.

TELEPHONE SERVICE MUCH IMPROVED

We are glad to note the improvement in the telephone service and trust the good work will go forward until the usual standard is maintained. In fairness to the manager, Mr. A. A. Sharp, we feel it our duty to compliment him upon the improved service, and we confidently believe he is leaving no stone unturned to give Mt. Sterling the best service it has ever had.

GOES WITH I. F. TABB

Mr. Ratliff Baird has accepted a position with Mr. I. F. Tabb and has assumed his new duties. Mr. Baird is a polite and accommodating young man and will make his employer a valuable man. Mr. Baird only recently returned from the army where he won a commission as Lieutenant.

DEATH OF INFANT

Mr. Evert Burgess and wife lost their six months' old baby on last Wednesday. Meningitis was the cause of the child's death. Mr. Burgess is a tenant on the farm of Mr. W. Lois Thompson, and has the sympathy of many friends in his bereavement. Burial took place in Mchpelah cemetery, Thursday.

NEGRO PORTER DIES

Howard Jones, several years a porter at the Walsh Co., died last week of pneumonia following an attack of the flu. He was a highly respected and strictly honest colored man and was much liked by his employers, and his death is much regretted by white and colored people alike.

BUYS NICE HOME

Mr. L. R. Douglas last week bought from Mrs. George Moore her attractive residence on Sycamore Street for a price around \$1,000 and will move to same to reside April 1.

PRICES ARE STILL ROMPING

Sales at the Three Warehouses Show That the Price of the Weed is Advancing.

As will be seen by a few crop averages given below and also from the advertisements appearing in this paper the price for tobacco on the Mt. Sterling market is romping and everybody is happy and glad to see the growers receiving such good prices for the weed. Real estate values are advancing and it is a common thing to hear of farms changing hands at \$300 to \$350 per acre.

The sale Friday at the Robertson house was a good one as a few crop averages show:

J. F. Reynolds, 805 lbs.,	\$77.55
Shrout & Snedegar, of Bath county, 3155 lbs.	49.30
Gudgell & Copher, of Bath county, 4020 lbs.	41.83
Jones & Jones, 1750 lbs.	53.19
Shields & Sorrell, of Bath county, 4790 lbs.	43.96

The Whiteball also had a nice sale Friday at which some extra good tobacco was offered. We give below a few averages:

Stewart & Curtis, 1015 lbs.	\$68.90
Davis Turley, 3505 lbs.	63.63
John Hardwick, 2470 lbs.	63.62
W. C. Curtis, 3640 lbs.	62.62

At the Farmers house Monday of this week 125,925 pounds sold for an average of \$43.35 and everything considered this was a remarkable sale. A few of the crops were:

McDonald & Richardson, 5350	\$63.30
Prewitt & Satterfield, 5815	61.88
McDonald & Wells, 2780 lbs.	58.59
Prewitt & Charles, 1690 lbs.	58.82
E. Horseman, 3075 lbs.	57.44
Highland & Johnson, 3370 lbs.	51.34

The rains of the last two days have brought tobacco in case again and the market will begin to slack up after a couple of weeks.

WOOD RETURNS

Mr. Stanley O. Wood, who was recently discharged from the U. S. Army, has returned to the city and taken charge of the Gazette. Mr. Wood is a bright young man and has many friends who will be glad to welcome him back to this city. He will be joined by his wife this week.

WILL CASES SETTLED

TAKE CARE OF A LITTLE CHILD

France Has Thousands of Homeless Little Orphans That Are Needing Help.

Are you taking care of a fatherless child in France?

Could there be a worthier cause or a more perfect charity than this? Compare our happiness and prosperity today with the condition of France!

As a thank offering to God for our world peace could there be anything more appropriate than to care for one of these poor little unfortunates for a year?

Wherever a boy is coming home safe and sound from the great trial to which he went so bravely, the hearts of his own parents go out to the home where the husband, father or son will never come again.

Now will you not, as a thank offering, take care of a child whose father fought so bravely before he fell, and who may have struck down the foe who otherwise might have lived to kill your boy?

The cries of these little children have gone straight to the heart of America. Today over 200,000 of these orphans are being cared for by the people of this nation, but there are many more of these helpless, suffering, pitiable, little children over there in France.

Think what 10 cents a day, \$36.50 a year, means to them, as well as the joy it brings to the heart-broken mothers.

The letters received from them testify to the good such a small sum of money can do.

Several little children of the city and county have adopted a child and a few of the clubs have signified their desire to help in the work and if you are interested call Mrs. John Speer who will be glad to call and explain in detail.

JURY COMMISSION

"KILLED IN ACTION"

Was William Pangburn on October 6th, As Reported By The War Department.

The sad words "Killed in Action" were received by Mr. and Mrs. C. G. Pangburn on last Tuesday evening in the form of a telegram from the War Department announcing the death of their son, William Botts Pangburn.

After about four months of waiting to hear from their son, the above message came announcing the tragic death of this noble young patriot. Although only 18 years of age and not subject to the draft, this young man, feeling deeply the call to serve his country, hared his breast to the cold steel of the German beasts with the above result. William Botts Pangburn was the only son of Mr. and Mrs. Pangburn and was the idol of the household, being loved by his sisters as only devoted sisters know how to love an only brother. For him no sacrifice was too great for them to make and only a few months ago he returned from New York where he had completed a business course and had accepted a position with I. F. Tabb, of this city, and was progressing nicely in a business way when the call to serve made such a deep impression upon the heart of this noble young man that he enlisted in the U. S. Marines and made every effort to get to the battle front as quickly as possible. William Pangburn came of fighting stock, his ancestor, Wm. Pangburn, gave his life fighting with the Continental army to free the colonies from English tyranny, while several of his kinsmen fell in the dark days of the 60's fighting to preserve the Union.

Of this young man, the only one from Montgomery county so far as we know to have been killed in action, we cannot say too much. A fearless, patriotic young boy, loved by all with whom he came in contact, and possessed with a manner which was admired by all his boyhood friends, the passing of William Pangburn is extremely sad. But the noble cause to which he gave his life should prove of much solace to his distressed loved ones—for in what more worthy cause could a man sacrifice his life than in fighting to uphold the Right and assist in forwarding the principles of Freedom and justice to all peoples. Besides his mother and father he is survived by four sisters, Miss Georgia B. Pangburn, Mrs. L. R. Douglas and Mrs. J. Courtney Horton, all of this city, and Miss Nell Pangburn, a Red Cross Nurse, now stationed in New Jersey. To them the hearts of the entire community go out, and in this sad hour of sorrow they have the deep and lasting sympathy of everyone.

"Poss," as he was affectionately called by his countless friends, has passed to the Great Beyond, but the

MR. SAM BIGSTAFF SINKS TO REST

Was One of the Wealthiest Men in The County and Son of The Late J. M. Bigstaff.

Death came on last Wednesday morning to relieve the sufferings of O. Samuel Bigstaff, son of the late Mr. and Mrs. J. M. Bigstaff, and one of the wealthiest and best known citizens of this city and county. For a number of years Mr. Bigstaff had been in poor health and everything that medical skill could do proved of no avail. He was a man possessed with many friends and had a jovial and likable disposition and though his body has passed to the Great Beyond, his memory will live long in the hearts of numerous friends. Deceased is survived by his wife, two sisters, Mrs. Hanly Ragan, and Mrs. T. B. Hill, and one brother, Mr. T. J. Bigstaff, all of this county. Funeral services were held at his late home on North Sycamore street Thursday afternoon with burial in the family burial ground at Springfield, with services conducted by Rev. M. V. P. Yeaman, assisted by Rev. T. B. Hill.

MR. SWARTZ DEAD

Mr. Joseph Swartz, aged 66 years, familiarly called "Uncle Joe" by everyone, died at his home in this city Monday after an illness of several weeks. He had been sexton of the Christian church for many years and was not only faithful in his duties there but lived a true Christian life. He had during his long life reared a number of orphan children and although the meager wants of himself and wife could have been easily supplied by his labor at the church and the driving of his delivery wagon he was never satisfied unless he was doing some act of kindness and charity that taxed his every effort. Funeral services will be held at the Christian church Wednesday morning conducted by Rev. Clyde Darsie, assisted by Rev. B. W. Trimble with burial in Mchpelah cemetery.

BETTER SERVICE

Express Agent Riggs Sullivan has received from the Superintendent new instructions regarding a better service campaign that will shortly be inaugurated by this company for the proper packing, wrapping and marking of all express packages. This will result in a saving of thousands of dollars from poorly packed packages which are damaged in shipping. We hope that the public will co-operate with the company in every way possible to stop this needless waste.

The silence of innocence is more persuasive and influential than the greatest eloquence of guilt.

memory of this gallant young hero will live as long as the history of Montgomery County lives and the thought of him will ever be fresh in the minds of our citizenship.

AT THE "GREEN TABLE"

The eyes of the world are turned toward that group of men, profound statesmen and learned diplomats of the allied nations gathered around the "horse shoe" table at historic Versailles. Upon these men devolves the momentous task of setting the stage in order for the last act of the stupendous drama that has gripped the attention of mankind for more than four years—the signing of the treaty of peace which shall sound the death knell to Kultur and Kaiserism.

In the hands of these men is placed the destiny of the whole civilized world.

Quickly after the Peace Conference convened a cloud appeared on the horizon—the demand of smaller nations for indemnities were excessive, but this matter was handled

with such adroitness by the larger allied nations that the threatened rupture was averted. This action welded together the so-called "Big Five," the United States, England, France, Italy and Japan, who are firm in the belief that the making of a just peace devolves upon them as did the crushing of Germany.

With Woodrow Wilson representing America, Clemenceau, France and Lloyd George, England, the rough places will be wisely smoothed over and the world will be made safe for Democracy.

IT'S TIME TO begin to get ready for that Thanksgiving demonstration for the boys that gave us our real Thanksgiving Day and made the Fifth Loan the Final Loan.

Soldier Letters

December 29, 1918.

Chateauroux, France.

Dear Mother and Father:

As the last Sunday in the year passes, it leaves me thinking of you all. As usual, this leaves me well and hope it finds you all likewise. I guess and hope you all spent a happy time Christmas. Although many of the home boys were away, it is a great feeling to know that the war is over and the time of our return is not so far away as it has been. I went down to see Charlie Smathers today, Charley Garrett and myself. He said we were the first home boys he had seen. Of course he has not been over as long as we have. We took him some of the home papers that you all sent us and he sure was glad to get them, for they were the first he had seen since coming over. All the home boys are well. Attended services this morning. How are all the kids? Love to all.

As ever your son,
FOUNTAIN.

Urbach Eberdorf, Germany.

December 29, 1918

Dear Sister:

Will write to you today. It is Sunday and has rained most of the day. There are two things that are plentiful in this country. They are rain and mud. Received yours and mother's letter today and was certainly glad to hear from you both. Well, I don't think it will be long until we will all be home. We crossed the Rhine River on the 13th inst., and have been in this town just two weeks today. Don't know how long we will stay here. We have been in foreign service now long enough to eat into us to service stripes.

Am well and hope you and all the family are well. Tell mother I will write to her this week some time. My paper supply is running low as you can see it is not so very good at that. You see some queer sights in Germany. It is not an uncommon sight to see a couple of cows hitched to a plow, and they used some of the same devices in farming that was being used at the time Kris Columbus crossed the Atlantic. For instance their threshing machines are a couple of sticks and the wheat being on the floor of a barn, is beat out with the sticks. Will tell you all about the war, or all I know, when I get home. Yes, our Divisional mark is a crossed arrow, which means we broke through the enemy's lines. It is a red arrow about two and one-half inches long and is worn on the left shoulder on the sleeve of the coat or blouse. I do not know very much of the French language, just a little, and I guess I will soon forget that. You must write to me often and I will write as often as I can. Regards to all.

Your loving brother,

December 30, 1918.

Mr. John W. Carpenter,
Mt. Sterling, Ky.

Dear Brother:

Will try to write and send you another letter and hope to have more luck this time than I had the last time I wrote, for the letter was never sent and I got it back.

Since I wrote you I have been losing some; I have been in four nations in the last thirty days, and was in three of them, France, Belgium and Luxembourg in two hours time, on November 29th. Starting about November 18th, we hiked about one hundred and fifty miles from Narveaux, France to Vallendar, Germany, a town on the East bank of the Rhine river, about four miles down the river from Coblenz, which city is being occupied by the American forces by agreement of the armistice of Nov. 11th, 1918. We stayed in Vallendar about five days and then hiked back into the hills about 9 or 10 miles to a little village called Arzbach. We stayed about 9 days and had our Christmas there, which was a dandy for the army. We had a fine dinner, consisting of

chicken, potatoes, baked potatoes, cooked onions, butter, good coffee with cream and sugar, doughnuts and bread. That day we had a Christmas tree in the town hall, and the Y. M. C. A. gave every man a package of cigarettes, a plug of chewing tobacco, a cigar, a box of cakes, some chocolate candy and some of the boys got their Christmas boxes, but not many of them. But you can readily see that the Sammies were not entirely left out by Santa Claus.

We left Arzbach yesterday and came back to Ehrenbreitstein, a city across the river from Coblenz. Well, I don't know what we are going to do now, or when we will come home, but I don't believe it will be long till "Johnny Comes Marching Home."

Well, to go back to tell you a little ancient history, we left the good old U. S. A. (God's Country) on July 8, 1918, and got on the ship Kronprinzessin Cecilie, the ship that was named for the crown prince's wife, and had been interned in the United States before the war and afterwards had been converted into a transport and re-named the Mt. Vernon. About 4500 soldiers sailed with us on the 9th day of July and we landed at Brest, France July 18. We hiked out to a field about 4 miles from Brest and pitched pup-tents and stayed there about a week. We hiked back to Brest and got on a train and rode across France to Naantal-Sossy, a town on the Marne river about 25 or 30 miles from Paris, and there we heard the first guns and had our first air raid. All we have done since coming over here is work on the roads and railroads and do guard duty; we also have worked on the Ammunition dumps. We have been in Chateau-Thierry and close to Rheims and Soissons. At no time since I have been here have I been out of hearing of the big guns and on some occasions have been way up past the heavy artillery.

We have had a lot of experience and the Boche has tried a lot of times to bounce bombs off of our heads while we were asleep, but your brother Ed has never slept so sound but that he heard "Jerry" coming and when the smoke cleared away, Ed was there or somewhere else around. But we were all pretty near tired out when the Armistice was signed on November 11th. We were all glad of it. Well, could write

CONCERNING WELL KNOWN BUSINESS AND NEWSPAPER

The writer was walking along our main business thoroughfare this morning when he saw a friend, a merchant, standing nonchalantly in front of his store. Bantering him the newspaper man suggested that an ad in the LEAF-CHRONICLE would put him behind his counters. The merchant replied:

"Yes I know that—but I don't want to kill myself working. I like to get out here once in a while and enjoy the ozone, see the blue sky and hear the pigeons coo, and look here, Bill, I've been thinking that I really ought not to have to advertise so much. I've been here in business for years. I've been at this same stand. I've handled the same merchandise all that time. I sell only reliable goods. I've treated the public fair and square. Now they know all about me and when they need they can come right here and get it. Now, isn't that correct reasoning?"

"Well, my friend," said the newspaper man, "I can't stop right now to show you the fullness of your logic, for I must go to the office to look after the advertisement of another old-timer, a sure-enough old timer, who recently celebrated her fiftieth anniversary in business, namely, THE COURIER-JOURNAL. We know THE COURIER-JOURNAL, its achievements in the past, its steady progress with the forward march of time and events, and yet when the Old Lady wants to get

far-reaching results she gets them by the quickest, surest route, by ADVERTISING. And when she wants to reach this section, she advertises in THE LEAF-CHRONICLE, another leader, if in a smaller way, in the progress and welfare of the community it serves. Watch THE LEAF-CHRONICLE today. It is not a 'courtesy' ad., by the way, but it is paid for in cash, at our established card rates, without quibble or question. Well, after all I did stop long enough to give you an answer to your question, didn't I? But, so long."

"Hey, wait a minute, Bill. I just want to tell you I'll see you in the morning about another contract, believe mine's about out, isn't it? You darn journalists can always upset at my comfortable reasoning and you sure do put a fellow to work."

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and
Nervous, Says Florida Lady.
Five Bottles of Cardui
Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 74

A WISE COURSE

The farmers of Indiana are following a wise course in opposing the proposed tax law, classifying property. From the daily press, it seems an effort is being made to foist upon the people of that State a tax law, similar to our own Jesse James statute, which shifts in the main, the burden of taxation from personality to realty.

Under its property valuations in Montgomery county were raised last year about three millions of dollars. This year County Tax Commissioners, Mr. W. F. Howell, under pressure from Frankfort, raised them some two millions more and doubtless the Frankfort gang will give us an additional boost, yet there is absolutely nothing the taxpayers can do, but pay. Under this law, (which one M. M. Logan undertook to defend, but soon abandoned the argument and resigned), a home owner in Mt. Sterling or any other city in the State, pays approximately twenty times as much as cash in bank and about five times as much as first mortgage notes. We submit this is neither equitable nor just, nor is it uniform taxation, such as is guaranteed by the Constitution.

What the people want to do in this and every other State is to take more interest in their own business and see that such infamous laws are not adopted. They can be killed without much effort before adoption, but once the politicians get a firm hold, they cannot be easily separated from the public trough.

The landowners of Indiana will do well to make themselves heard before it is too late.

CANDIDACY ANNOUNCED

Mr. Stanley O. Wood, editor of the Mt. Sterling Gazette, and who very recently returned from a U. S. Army Camp, has announced his candidacy for the Republican nomination for Railroad Commissioner in the Third District. Mr. Wood is a son of the late John C. Wood, for years prominent in Kentucky politics, a grandson of the late Major A. T. Wood, a leader in State politics for nearly half a century and who was one of the finest gentlemen Kentucky ever produced; a nephew of Mr. W. Hoffman Wood, United States Commissioner, of this city. The late John C. Wood was railroad commissioner several years ago and it is his son's ambition to fill the position once held by his estimable father.

Stanley O. Wood is a bright, energetic

young fellow who fought the battles of the Republican party through the columns of the Gazette even before he became a voter and his party certainly owes his candidacy consideration. So far he is the only announced candidate and it is not known whether the present incumbent, Hon. H. G. Garrett, of Winchester will be a candidate or not.

The district is largely Republican, so the nomination is equivalent to election. Mr. Wood will make an active campaign and as he is well known in the district, his friends claim he will be a sure winner.

THE TERMS OF the Fifth Loan haven't been announced as yet. The terms of those other four are being decided at the Peace conference.

OIL STOCKS AT AUCTION

Interest in the oil industry of Kentucky was clearly evidenced Saturday, when several hundred people from all over Central Kentucky attended the opening of the daily call market of the Kentucky Oil Exchange, which took place in the Phoenix hotel lobby at Lexington at 11 o'clock.

In the absence of Judge John M. Stevenson, of Winchester, who was scheduled to make the opening address, but whose automobile broke down between Winchester and Lexington, delaying his arrival, E. E. Loomis, secretary of the Kentucky Oil Men's Association, made a brief speech calling attention to the magnitude of the oil industry in Kentucky and extending a hearty welcome to the large crowd on behalf of the exchange.

Mr. Loomis said that the call system of selling oil stocks has been generally approved in all of the oil centers of the country, and has been very successful wherever tried. He said that he was present in Louisville when the system was inaugurated there, and that the crowd on that occasion was not one-tenth as large as that present at Lexington. He said the oil business in Kentucky is no longer an experiment, but is now recognized as one of the greatest industries in the State, and that holdings that were at first thought to be chimerical, have developed into properties worth millions and a source of great material wealth and prosperity to Kentucky.

Thomas M. Owsley, one of the proprietors of the exchange, explained the rules and regulations governing the market, and acted as auctioneer. As the call market for the sale of such stocks was new to many of those present, it was not anticipated that the sales would be heavy at the initial session, as all were anxious to see how the new system worked before participating in the trading.

However, quite a number of stocks were offered and some good bids made, the demand being strongest for Pyramid, Majestic, Wright, Trinity, Planet, McCombs, Rex, W. Williams and some of the other leading companies operating in the Lee-Estill field. For example, 1,000 shares of McCombs were offered at \$1.50, but the bids for this stock reached only \$1.45 and no sales were made. Offerings of 500 Wright Oil Company at \$2.50 and \$3; 1,000 Trinity at \$2 and 1,000 Seecurity at 40 cents failed to interest the bidders at those figures, and lower bids were not accepted.

The only actual sales made were 150 shares of Pyramid at \$2.10 and 500 shares of Pan-American at 60 cents.

Here's the big work, little cost tractor—the Titan

THE Titan 10-20 has been on the market for years, and has made good without reservation. 10 horsepower at the draw bar—20 horsepower at the belt.

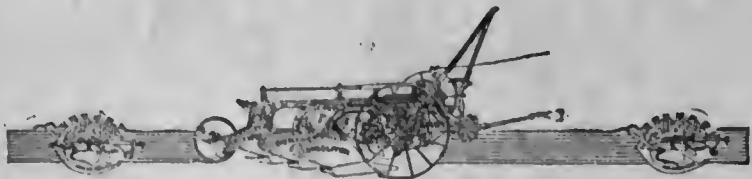

A well-balanced tractor that is suited to all farm power work. It drives easily, affords maximum pulling power for its weight, and is suited in every way to the general run of farm work. Not too large for the small farm, yet large enough to handle a great volume of work.

Use it with an Oliver Plow—

We recommend that you use an Oliver plow with your Titan tractor because it means the best plowing under all conditions. The combined rolling coupler and jointer buries all trash and weeds at the bottom of the furrow; the stop device maintains an even depth of furrow; the plow points enter and leave the ground first, making it possible to plow clear to the ends of the field; and the trip rope control operates easily from the driver's seat on the tractor.

We have a full line of Oliver plows as well as the Titan tractor here at our salesroom.

CIVIL SERVICE JOBS FOR SOLDIERS AND SAILORS

The United States Civil Service Commission is perfecting arrangements whereby men who are about to be discharged from the Army or Navy may receive first-hand information concerning opportunities for employment in the Federal Civil Service. The commission has received authority from the Secretary of War and the Secretary of the Navy to appoint its representatives at all establishments where enlisted men are assembled in considerable numbers. These representatives are now being appointed. They will be prepared to inform the men fully concerning positions which are open, to supply them with application blanks, to assist them, if necessary, with the execution of their applications and to advise them relative to

civil service matters generally. It is the plan of the Civil Service Commission to entrust this work to educational directors of welfare organizations already operating at the camps, cantonments, etc. The representatives of the Commission who are appointed from the personnel of these welfare organizations will have the benefit of the advice and assistance of the Commission's local boards of examiners at nearby cities in addition to the instructions received from the Commission.

Of course a woman's sphere is at home, but our guess that after one has washed dishes for about thirty years she would like to go to war for change.

BREATHES THERE AN American with soul so dead that the word "Victory" won't inspire him to action!

2 Bluegrass Farms

AT

PUBLIC AUCTION

I will offer at public sale at the Court House door in Mt. Sterling, Ky. on

Monday Feb. 17th 1919

At 1:30 O'clock on County Court Day

My Home Farm of 49 Acres

more or less, subject to survey. The farm lays within one-half mile of the Montgomery County Court House, on the Hinkston pike, five hundred yards from the Maysville pike—the leading pike into Mt. Sterling—in the beautiful valley of Hinkston creek. The farm is divided into ten fields with three never-failing springs. About 25 acres of the land is in grasses, alfalfa, timothy and bluegrass; 2 acres in the finest of strawberries and 1 acre of St. Regis Ever-bearing Raspberries, which bear from June to October, and balance of farm is sown in rye for a sub-soil. The land is strong and rich, and ready for the very highest production of tobacco and other crops.

IMPROVEMENTS

consists of a brick and stone house of 6 rooms, bath room, two basements, one 20x30 with concrete floor, pointed to store all kinds of vegetables, preserves, etc.; one ten-acre tobacco barn, with shed 20x60 to feed cattle, with good racks; 20-barrel water tank at barn and corn crib at barn that will hold 75 barrels of cattle corn; one corn crib 150 barrel capacity with concrete floor, one of the best in the State; Hen House with concrete floor, a good one; Buggy Shed and Automobile House; one Hot Bed, concrete floor, 6x45 feet, for growing all kinds of plants; one Spring House with Tool House over it, with Engine and Pump for your Water Works, with a Stand and Tank at the Barn. The Spring has a basement of water 5x8 feet and 3 feet deep, which leads through the milk house, and has a trench for milk crocks, which are surrounded by water all the time. This is the finest spring in the State and is worth thousands of dollars, for it never goes dry and has, in times gone by, furnished residents of Mt. Sterling with water in dry times; one Tenant House of four rooms.

In the last six years this farm has had at least fifteen hundred loads of manure spread on it, and it is now as rich as cream. This farm fronts the Hinkston pike for half a mile, and can be sub-divided into 5 and 10 acre lots, with a fine building site on each lot.

About one mile from Mt. Sterling, on the Hinkston pike, with a small tract of land, I will also sell the Slaughter and Packing House, with all modern conveniences and improvements, containing Brick Engine Room and Sausage Room, 20x30 feet, with 10-horse power boiler, 8-horse power engine, shafting, belting, concrete floor, one No. 50 Sausage Mill, with Plates and Knives; 1 Silent Cutter, 1 Mixer, 1 large Steam Kettle, 1 Lard Cooler, 2 Lard Presses, 1 50-lb. extra good Stuffer, Tables, Knives, Piping, Steam and Water, 1 Tallow Tank, 1 Steam Pump (John H. McGowan) good one. The Slaughter House has concrete floor, with steam and water pipes through it. Iron Scalding Tub, Scrapers, Gambler Rollers for tracking. This is a model plant in every particular with a never-failing spring of water within 75 feet of plant.

This tract of land is one of the best in Montgomery county, and being located so close to the city, should appeal to all buyers of good strong land, as well as lookers for a good home, with all conveniences.

FARM No. TWO

contains 40 acres, and lays 7 miles from Mt. Sterling, on the Howard's Mill pike on Slate Creek, at the mouth of Peeled Oak Creek. All of it is in grass except ten acres. There is about 8 acres in Peeled Oak bottom land which overflows from the back water of Slate Creek, from which land, you can fill your silo every year.

IMPROVEMENTS

consist of 5-Room House, a warm one; Smoke House, Hen House, a House of 4 rooms that would make a Good Tenant House; Tobacco Barn, 48x48 feet; 100-ton Silo at the Barn; a good 75-barrel Corn Crib and Wagon Shed. The barn has water in it all the time, fed from a spring on the hill above by gravity, and there is a good well at the kitchen door of the residence. All fencing is first-class, with new line fencing. This farm will make an ideal home to make money on, with plenty of fish and game. The land lays good, has plenty of good strong land, and can be bought worth the money with terms.

In offering these two farms to the public, I am giving an opportunity they seldom have, and know that I am placing before them, two as good propositions as they have ever had.

Terms Will Be Announced Day of Sale

SURE WE CAN DO IT

Some folks seem to think that Uncle Sam is going to have trouble this spring in floating his Victory-Liberty Loan of \$5,000,000,000.

That now the war is over, all save signing the peace treaty, public support is going to loiter on the way to the bond counter.

But don't you believe it.

The great American public, which means of course nothing more nor less than the American people, are going to finish the job.

They've been behind Uncle Sam every minute. They're behind him right now. They're going to be behind him until the last nail is driven in the coffin of Kaiserism. Until democracy is really safe for the world.

It took just three weeks in the Fourth Liberty Loan for these same folks to subscribe something like \$6,500,000,000.

And it wasn't such great shakes as an effort at that.

They have bought something like

\$17,000,000,000 worth of Liberty Bonds since the war began almost 18 months ago.

Yet no one has gone broke in the performance.

And there is still a surplus of loose change lying around the country to take this next \$5,000,000,000 issue without seriously crippling any of the projects necessary to our continued prosperity.

For folks must have been making a little more money of late than ever before. Some have been spending more. But most of us have got as far as our A B C's in the lesson of thrift. And we like the idea.

Besides this next loan is to be only for a short term, and the rate is to be higher, and the winter will be over and spring will be in the air and all will be lovely. And the future will be looking as bright as the skies.

We simply cannot fall down this time. We will not.

We will simply eat it up.

Old papers for sale. Apply to this office.

BANKERS SAY LIBERTY

LOANS TEACH US THRIFT

There are bankers who say they have seen in the recent quick absorption of new bonds and notes an effect of the Liberty Loan campaigns.

They mean the education which the public has received in the investment of its money is bearing fruit in the field of investments in corporation issues. It is expected in many quarters that during the next year

many evidences will be seen of a widespread demand for investments of merit which return good profits.

Plans of the Treasury Department now working out for the promotion of savings and thrift generally are looked to as additional factors in upbuilding the nation's demand for investments.

We sometimes wish Justice would grab that bandage off her eyes and take a look.

CIRCUIT COURT NEWS

In Circuit Court last week, John Congleton, one of the negro boys who recently robbed the local post-office, was sent to the penitentiary for from one to ten years. John Carter, the other colored boy charged with the same offense, was sent to the school of reform.

Jesse Lee Congleton, colored, was convicted on a charge of house-breaking and sent to the penitentiary for two and one-half years.

The Kentucky Utilities Co., was fined \$2,000 for violation of the law in restraint of trade. It was charged that the Utilities Company had given Mr. W. W. Wilson \$500 to cease to sell ice and had then raised the price of its product.

John Allen, colored, charged with the murder of his wife, was acquitted owing to the lack of evidence.

The case of John Allen Hall, colored, charged with murder, is set for Thursday.

MASONIC MEETINGS

Two interesting Masonic meetings were held in Mt. Sterling Friday evening. Guy Johnson, grand master of the Grand Council of Kentucky, and G. Allison Holland, both of Lexington, attended the regular meeting of the Mt. Sterling council and after witnessing the conferring of degrees upon D. B. Salyers and J. C. McNeal, Grand Master Johnson installed S. S. Pinney as grand conductor of the council for Kentucky.

A meeting of Mt. Horeb Chapter, R. A. M., was then held and Grand High Priest, S. S. Pinney, installed G. Allison Holland as grand Secretary of the Kentucky chapter of Royal Arch Masons.

SELLS NICE HOME

The real estate agency of Cravens & Turpin last week sold the Cravens property on Holt Avenue to Mr. Walter Dunn for \$3850.00 cash. Possession March 1st.

STOOPS

Several farmers endeavored to "rush the season" last week.

Judging from the looks, the wheat crop just now is a "pretty sick fellow."

Owing to sickness, the attendance at school here is still very small.

Several members of George Richardson's family are very ill with influenza.

According to the esteemed Sentinel, "Dame Fashion decrees that the fair ones must wear 'em longer in the Springtime." Somehow or other we can't believe, with such high cost of material, they are going to be lowered very much.

George Hays sold to Herman Tipton a fine milch cow for \$175.

J. E. Roberson, of Lexington, was here to see his father, J. T. Roberson, Sunday.

News received here from the bedside of Miller McClain, of Muncie, Illinois, is to the effect that he is no better.

Miss Lillie Lacy Moore and brother, Coburn, of near Judy, visited the family of Richard Moore at Flat Creek Friday and Saturday.

We are glad to learn that Mr. Stanley O. Wood has again assumed the editorship of the Gazette. He imagined, when tussling with the duties of Camp life, that Mt. Sterling would be too small for him hereafter. But when the imagination wore off, we knew he would return to his first love.

John Webb, aged about 80 years, the father of Andrew Webb, of this place, died Friday night at the home of his son, William Webb, in Nicholas county. Mr. Webb was a native of Georgia. He came to Kentucky at the close of the Civil War. Settling among strangers he went to work and soon made many friends. Years ago, he married Miss Katie McIlwaine, who preceded him to the grave about one year ago. Mr. and Mrs. Webb reared a large family. "Uncle John" was always an interesting talker, and it was a rare treat to hear him tell about the good old days in the South. Funeral services

were held at the grave in Bethel Cemetery Sunday morning and the remains laid to their final rest. A granddaughter of Mr. Webb's, Mrs. Pressly Rawlins, was buried at the same time she having died with influenza.

LLOYD FRAZER RETURNING

Mr. and Mrs. John Frazer have received a cablegram from their son, Lloyd Frazer, stating that he and his wife were leaving London, England, and would arrive home some time in February. Mr. Frazer is a major in the Aviation Corps. He was in South Africa when hostilities were declared, but resigned his position and went to England, where he enlisted in the British army. Mrs. Frazer was Miss Adeline Wiseman, of Danville, their marriage having taken place in London.

Mr. Evans is a son of Mr. and Mrs. Charlton Evans, of Columbus, Miss., formerly of this city, but has been making his home in Winchester for some time where he holds a good position. He is a grandson of Mr. Allen Prewitt, of this county, and frequently visits here where he has a host of warm friends. His bride is a daughter of Mr. and Mrs. C. P. Haggard, of Winchester, and is a charming Bluegrass Belle. After a short bridal trip the young couple will return and make their home in Winchester.

WOUNDED IN ACTION

Mr. James W. Hon, of near Grassy Lick, this county, has received a message announcing that his son, Sgt. Walter J. Hon, had been wounded slightly in action in France several weeks ago. Mr. Bright Cockrell, son of Mr. and Mrs. M. O. Cockrell, arrived home last week with his honorable discharge from the Navy in his pocket. Mr. Cockrell joined the Navy shortly before war was declared and has seen considerable foreign service with battle cruisers. He was accompanied home from Norfolk, where he was discharged, by his wife, who went last week to visit him.

Jimmy Beerstaff, son of Mr. Wm. Beerstaff, who joined the Marine Corps more than a year ago, has been given his honorable discharge and has returned to Mt. Sterling. HISTORY OF KENTUCKY'S PART IN THE WAR

The Kentucky Council of Defense wishes to keep before the public the historical work which is now being done under its supervision in every county in the State, and to ask the assistance of every person who has a relative in the service.

County Historians have been appointed in practically every county in the State. The first work which they are undertaking is to get a record of every person in the service from their county, and to write this record on a WAR RECORD sheet. These sheets will contain the name and address of the soldier, the name and address of his parents, his age, the camp where he received first training, military address; promotions, casualties, etc.

It is said that the record of each man in the Civil War was not obtained until a few years ago. But, if the relatives of soldiers will lend their aid now, while information can easily be obtained, the records of each man in the service from Kentucky can be made within a few

months.

These records, when completed, will be bound in permanent form and made a part of the records of the county.

It recently came to the attention of the Kentucky Council of Defense that a Kentucky boy had given his life in the performance of a most heroic act, for which he had been awarded the Distinguished Service Cross after his death, and that there was no permanent record of this award in his county, and that his parents had destroyed all letters they had received from the Government, not understanding the nature and value of the letters.

Fortunately, the State Council had a record of this award of the Distinguished Service Cross, and the citation, which read as follows:

"Private displayed great coolness and courage under a heavy barrage when he unhesitatingly went forward to destroy wire entanglements, and continued this extremely hazardous work until killed."

This information has been furnished to this boy's home county, and his name and record, together with this citation for bravery, will be made a part of the permanent records of the county.

The county Historian of this county wants the name and address, and military record of every person in the service from the county with a statement of the casualties, promotions, newspaper articles, etc.

If you want the record of your soldier boy to be placed in the records of your county, go at once to the Historian of your county, get a WAR RECORD blank, fill it out, and return it to the Historian. This appeal is directed particularly to the mothers and sisters of soldiers.

Do not stop here. Give a part of your time to the County Historian and assist her or him in getting information as to the soldiers in your part of the county.

Soldiers now returning from the army are urgently requested to call on the County Historian, fill out a blank for themselves, and urge other returning soldiers to fill blanks and thus aid the County Historian.

Let us now get the military record of every man in the service.

The Historian for Montgomery County is Miss Mary E. Turner, Mt. Sterling, Kentucky.

SUFFERING ENDED

On Tuesday January 21st, death relieved the suffering of Woodford Knox, the 18-year-old son of Mr. W. Harro Knox. The young gentleman had been in a serious condition at the home of his father for the past several weeks and the end was not unexpected. 'Tis sad indeed that just in the bud of young manhood a boy so possessed with the many noble traits of character as was Woodford Knox, should be called to enter that land from which no traveler returneth. A boy of sterling character and acknowledged worth, he was loved and admired by all who were so fortunate as to have his acquaintanceship. Besides his father, he is survived by one brother, Redmond Knox and one sister, Mrs. Royden Faulkner, all of whom have the deepest sympathy of the entire community in the death of their loved one.
